# WELCOME TO FOLDING THE SEA SEMINAR

**Folding the sea** is a youth worker seminar that will bring together partners from the two shores of the Mediterranean area.

This project aims to inspire and train youth workers to **use origami as an educational tool**, enabling them to organize workshops with young people. It also seeks to encourage **new youth projects, strengthen networking, support future international cooperation and provide dedicated time for project development.**

Based on **non-formal education**, the seminar will allow participants to learn and practice origami, explore it as a tool for creativity, expression and social change, share experiences and good practices, and discover how arts can support youth work and active citizenship in a dynamic environment.

# Bokra Sawa

**Bokra Sawa** is based in Marseille, France.

The team works closely with young people with fewer opportunities both in Marseille and across both shores of the Mediterranean.

The organization uses the creative tools of non-formal education which includes elements of art, culture and science to sensitize the youths to tangible and intangible Mediterranean cultural heritage.

Co-funded by  
the European Union
